Some dog breeds certainly tend to howl more than. Gradually increase the length of time your dog remains in the crate, and the distance you are from the crate, moving farther away, leaving the room, then leaving the house, for short periods of time. So we ended up letting him sleep in our bed with us. Read more articles by Langley Cornwell Share this: . Kuubz says: . She sleeps great through the night, but the second she hears me wake upstairs and the creaking of the floor, she starts barking. As a domestic animal, they are fun-loving, merry and simply adore being around their conspecifics as well as humans.

The bad news is that if you just can't get your dog to shut up in the wee hours, you Fox says: . There are plenty of collars out there that produce electrical stimulation, an offensive smell, or an irritating ultrasonic sound when the beagle barks.
