Some European countries require emergency responders to use a process that preserves organs when they cannot resuscitate a person. Preview an Edge video. I knew that if I cast those votes based on those inputs that I was casting irrational votes, and therefore I had no reason to complain when public policy was becoming irrational, because I was a participant. Thesebeliefsgoway,waybackinhumanhistory.Why do threats such as the Gulf oil spill, worldwide recession, terrorism, and global warming suddenly seem unstoppable? Today, that label doesn't quite fit anymore.
