Attackers could then attempt to starve out the garrison. Surrender under honorable terms was a common way out of a siege.

The sword carried by the Roman troops was proven over centuries of campaigns. The front cutting blade and the rear spike were used in a cutting action and the top spike used for thrusting and defence. The handle comprises a curved iron quillion with a wooden handle supported by bronze fittings.

Bevington, David Other considerations included how much timber, lead, tools, nails, food, drink, livestock, and other provisions were required for the duration of the siege and where they could be acquired.
