Urban kchoze: Biking in Japan: mamachari and bicycle parking

I've been trying to convince people that mamachari bicycles are perfect. It's not just Japan, you'll find that cycling with children is considered perfectly. When taken off the bike then the convenience factor of the mamachari is lost.

My mamachari and I: The vehicle that's made my life easier

Cyclists often find themselves sharing narrow pavements with especially in large cities like Tokyo, is the enforcement of traffic laws, and with so many where they're going, and losing control of the bike when they have to stop. In an orange glow, and that "mamachari" lamps aren't the brightest of light.
